

# Lyrics and Lunch

Sharing the Love of God with those living with Dementia and their Carers

**Would your Church like to join in?**

**We'd like to help you!**

Our singing group for those living with dementia and their Carers and its Carers' support group has been so popular that we have just started an additional group.

But people from other areas who have heard about what we are doing have said,

**"I wish there was something like that where we live!"**

So we would like to help set up new groups in new places.

**We can offer:**

- Our experience and advice.
- Resources such as song sheets and music
- Publicity posters, leaflets and forms you can edit
  - A visit to see Lyrics and Lunch in action
  - We can visit you to run a taster session
  - We can offer some training for your team.
